Community Care

Get the care you are entitled to receive.

We are all aware that social services departments are under constant strain. As a result it can be difficult to obtain the services you are supposed to receive. While we cannot change the funding system, we can guide you through the process to help you receive the support and care you need.

Community Care deals with the care people receive in their own homes, institutional accommodation or from health and housing services.

Our Community Care department offers assistance to help access social care services for those who are not receiving the care they deserve. We believe the most vulnerable members of society are entitled to satisfactory services from institutions and organisations that are there to help.

With a legal team currently consisting of four dedicated specialists, the strength of the Duncan Lewis Community Care department lies in its unrivalled knowledge and experience. Duncan Lewis is amongst a handful of firms who have been awarded a Legal Services Commission franchise for Community Care work.

Welfare Benefits

If you are entitled to benefits, claim what is rightfully yours.

At Duncan Lewis we understand the rules regarding welfare benefits are complicated. Constant changes to the welfare system make it hard for applicants to receive their fair share.

Our Welfare Benefits team can explain what benefits you should be entitled to receive. If you are unemployed, disabled, on a low income or unable to work due to illness or an accident, then we may be able to assist you.

If you instruct us, we will be able to assess your eligibility for benefits. Our advisors are aware of all current rules so you are given your correct amount.

Duncan Lewis specialises in advocacy and representation before all types of social security tribunals and appeals. We also represent clients before the Social Security Commissioners and higher appeal courts. Where necessary we can take judicial review proceedings.

We have had amazing success in helping clients in problem situations. We are proud of achieving results that have a positive effect in improving our clients lives. By contacting our Welfare Benefits team you could find yourself financially better off.
