Toufique Hossain, the director of public law at the UK-based Duncan Lewis solicitors, who is representing a large number of asylum seeker #children dispersed across France, said he and his team had received reports on Friday from more than 12 children they are representing, all of whom are at different centres.

HELP US STOP ALT-RIGHT AND TRUMP!

It's been three years since we last asked for your help. In that time we've launched The Three Muckrakers podcast, expanded the magazine and saw the forces of the far right rise in very well funded and evil ways.

Help us keep independent media free and independent. Our survival counts on your £5-£10 per month donation so we can keep growing and expanding. In this season of giving, please give to keep progressive voices strong.

Thank you.
